CERTIFICATE OF LISTING

IAPMO Research and Testing, Inc. is a product certification body which tests and inspects samples taken from the supplier's stock or from the market or a combination of both to verify compliance to the requirements of applicable codes and standards. This activity is coupled with periodic surveillance of the supplier's factory and warehouses as well as the assessment of the supplier's Quality Assurance System. This listing is subject to the conditions set forth in the characteristics below and is not to be construed as any recommendation, assurance or guarantee by IAPMO Research and Testing, Inc. of the product acceptance by Authorities Having Jurisdiction.

Effective Date: August 2007

Void After: August 2008

Product: Plumbing Fixtures

File No. 2684

Issued To: Colceramica S.A.
P.O. Box 4219
Medellin, Colombia
South America

IDENTIFICATION:

Each fixture or fixture component (except for pedestal lavatories) shall be permanently and legibly marked with the manufacturer's name or registered trademark and the date of manufacture. Water closets shall be permanently and visibly marked with the model number and gravity flush tanks shall be permanently marked with a water level mark. Water closets and urinals shall be marked, in close proximity to the manufacturer's name or trademark, with the water consumption in LPF. Each fixture shall be marked with the designation "complies with ASME A112.19.2M" as well as with the UPC® certification mark. Special purpose fixtures that do not comply with certain dimensional requirements shall be marked as "N"; plumbing fixtures intended only for RV use shall be permanently marked with "RV". All packaging shall be marked with the manufacturer's name or registered trademark; or in case of private labeling, the name of the customer for whom the fixture was manufactured. Packaging for water closets and urinals shall be marked with the water consumption in LPF. Marking on packaging for water closets and urinals shall include the manufacturer's recommended working pressure.

CHARACTERISTIC:

Vitreous china plumbing fixtures, containing components of other recognized materials. Fixtures may include water closets, lavatories, urinals, bidets, service sinks and drinking fountains. To be installed in accordance with the manufacturer's instructions and the latest edition of the Uniform Plumbing Code.

Products comply with the applicable sections of the latest edition of the Uniform Plumbing Code®. Models listed to the National Plumbing Code of Canada and Relevant Canadian Standard(s) shall bear the UPC mark of conformity. Manufactured in compliance with ASME A112.19.2-2003 and CSA B45-02 (Supplement No.1).

Chairman, Product Certification Committee

Executive Director

This listing is for the period indicated herein and is void after the date shown above. Any change in material, manufacturing process, marking or design without having first obtained the approval of the Product Certification Committee, or any evidence of non-compliance with applicable codes and standards or of inferior workmanship, may be deemed sufficient cause for revocation of this listing. Reproduction of or reference to this form for advertising purposes may be made only by specific written permission of IAPMO Research and Testing, Inc. Any alteration of this certificate could be grounds for revocation of the listing.
